

An Associate of Arts (AA) in Accounting is a great field for students who have a basic interest and strong abilities in mathematics.

Due to the nature of the program, it is imperative that students have a desire to work with numbers while learning difficult and intricate mathematic skills. For students who do not have a strong background in mathematics, it is still possible to become engaged in accounting. The AA degree in accounting will provide you with all necessary skills to continue your education in this vibrant and opportunity filled area. This major will prepare you for: An AA in Accounting will provide students with the basic skills needed to continue their education with a Bachelor in Accounting. Upon completion of their Bachelor degree, students will have learned the abilities to allow them to enter the field of accounting in a variety of areas like corporate accounting, government finance, public accounting, and private and public auditing. Not only will the AA in Accounting prepare the student for a Bachelor in Accounting, but will also allow the student to continue their education in areas like business management, finance, or tax law.

Schools That Offer Associate in Accounting
