

Associate-level programs offer different degrees for a variety of careers. These 2-year programs may provide the necessary training to prepare students for entry-level positions in fields like nursing, graphic design and other vocational areas.

The curriculum for this program generally contains lectures, lab work and practical experience. In addition to the various types of massage techniques, courses cover business aspects such as massage law and medical ethics. Students partake in externships held either on-campus or through a local business. Common courses include: Kinesiology, Anatomy and physiology, Massage practicum, Massage business principles, Techniques in massage therapy.

Schools That Offer Associate in Accounting
