

A certificate is the lowest level of all degree types, and is most commonly achieved as a means of career preparation. Certificates are often granted for very concentrated areas of study.

A degree or certification in plumbing technology is an ideal foundation for a career as a plumber, pipefitter or steamfitter, or to work as a pipelayer. These professionals may work in factories, businesses or homes. Although certification isn't usually required it can lead to a higher salary and may improve job prospects.

Schools That Offer Associate in Accounting
